(optional) _____

You will also need: A large photo for the top of your page & your logo

Optional items you might want to include: Photos (more than 2 will be put into a gallery on your page), a video, pdfs or business documents.

Some things to remember while gathering your content:

- All photos and logos should be high resolution (it's best to start with really nice photos)
- Your (large) Featured Photo should be a photo of your business in some capacity. Things like your building, your office, your service area, etc. (Let us know if you need to have one taken.)
- Your description should include words that a person searching online would use to find your business. (we will help with this)
- You may include ONE video. Keep in mind that we will not upload videos directly to the website, so any videos will need to be on YouTube, Vimeo, or a similar service.
